

It's Time to Take Charge of Your Future

For some of us, old age is a long way off, for others it's just around the corner. Whatever stage you are at in your life, there is no better time to take charge of how you live out your retirement.

The aim of this event is to advise you and your family on later life living options, from making sure your Will and LPA tells your family your wishes, to financing your care requirements, and learning how to receive the best care in your own home.

It will cover the legal and financial aspects you need to consider in order for you and your family to remain in control of your future and care options.

About your Hosts: "Independents Working Together"

Adanac Financial Services, Heritage Independent Living and Porter Dodson Solicitors & Advisors are independent firms who understand the importance of working together to provide security and a peace of mind which encompasses the whole family.

Who should attend?

This event is designed for those approaching retirement as well as those who are already retired, and those who are helping others with their plans. Our specialist firms will give you and those around you the tools to live out your retirement in a manner of your choosing. It is for people seeking valuable information for themselves and for family members who want to retain independence in their home. It is a practical seminar and we encourage delegates to ask questions.

When: Tuesday 6th May, 9:45am Registration & Refreshments, Lunch 12:30pm
